Volunteering - Benefits and Rewards

When you volunteer you show your child that you care. You show that you value their interests and support the programs that they are participating in.

By the simple act of giving of your time you become a role model for your child so that later in life they will remember and hopefully volunteer their time to the programs that they support or their own children are in.

It is through volunteering that programs such as Scouting are successful and only through volunteering can they flourish. We hope that you will see that the rewards far out weigh the time that you give when volunteering.

We understand that not everyone is able to commit the same amount of hours to volunteering and that said have a list of opportunities that hopefully will appeal to you.

Please review the following list and check off what Parent Helper positions that you are interested in or learning more about.

You may return the form to your den leader, email the information to ellielei@yahoo.com or call Ellie Leialoha @ 875-9053 for more information.

Thank you for all your support of this great Scouting program and your willingness to give back to your Son's Pack.
